Olidata is the main Italian Personal Computer producer. Founded in 1982, it boasts hundreds of thousands of systems installed and offers numerous PC brands, for all needs, from family to big companies. Thanks to the modern technologies used, the continuous investments in research and development and to the use of severe ISO9001 quality system rules for planning and production, Olidata's Personal Computers guarantee quality and reliance beyond comparison. Olidata stands out also for being the first company in the sector to introduce in Italy the Build to Order system, which allows to produce personal computers on the basis of the effective needs and it allows an extreme production flexibility and adaptability to the specific needs of the customer and to the continuous market evolution.
